**HOLD UP!**

You might notice some bags aren't in order, as well as left over pieces, but that's ok! We're changing the way you build LEGO!

ATTENDEZ!

Vous remarquerez peut-être que certains sacs, ainsi que certaines pièces, ne sont pas dans le bon ordre. Mais pas de panique! Nous changeons simplement la façon avec laquelle vous construisez vos LEGO!

ASPETTA!

Potresti notare che alcuni sacchetti non sono in ordine, così come i pezzi avanzati, ma va bene così! Stiamo cambiando il modo in cui costruisci i LEGO!

HALT!

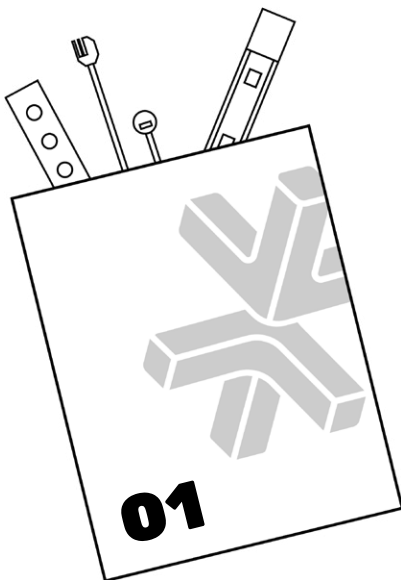

Sie werden möglicherweise bemerken, dass einige tüten durcheinander sind und teile übrig bleiben, aber das ist in Ordnung! Wir ändern die art und weise, wie Sie LEGO bauen!

¡ESPERA!

Es posible que notes que algunas bolsas están fuera de servicio, así como piezas sobrantes, ¡pero está bien! ¡Estamos cambiando la forma en que construyes LEGO!

暫停!

你可能会注意到一些袋子顺序错乱, 以及一些剩余的部件, 但没关系! 我们正在改变你搭建乐高的方式!

This diagram illustrates a LEGO Technic assembly, likely a custom-built vehicle or robot. The main structure is a long, narrow chassis built from grey Technic beams and connectors. A motor is mounted at the front left, connected to a power source (a battery pack) via yellow wires. The chassis features various internal components, including a central motor or actuator, and a rear section with a complex arrangement of gears and connectors. A green outline highlights a specific component at the front left, labeled 'LMB'. The assembly is shown in a perspective view, highlighting its length and internal structure.
